

262 SERIES

19" FLOOR STANDING CABINETS

THE COMPETITIVE SOLUTION

The 262 range is a High Quality, Competitive Cabinet, offering real value for money in today's market.

The 262 range of floor standing 19" cabinets consists of a steel frame chassis for strength and stability. All round access is available via removable side panels, whilst front and rear doors have quick release pins for easy removal.

Front and rear mounting angles are fully adjustable through the depth of the cabinet, Base cable entry is available via a large aperture to allow bulk cable entry at the base of the cabinet.

A robust design and attractive styling combines strength and appearance, ideal for office environments, Data Networking, Broadcast, Security and Audio Visual applications.
