

“The mobile class room -
with NoteCart®”

NoteCart®

The new NoteCart has a greatly improved design, has a modular construction, and puts an end to the problem of tangled cables.

NoteCart, for either 12 or 16 laptops, contains:

- Fixed shelves for 12 or 16 laptops
- Power panel supplied with electronic device to stagger the powering up of the laptops
- Separate storage space for power connections
- Two robust handles
- Four high-quality lockable wheels which all rotate around the vertical axis
- Automatic fan
- A strong key lock that locks at three points

NoteCart 16

NoteCart 12

Specification – 12 shelves

Height	1064mm
